

ENHANCE YOUR OCCUPATIONAL HEALTH OFFERING TO YOUR CLIENTS

WITH RESPONSE OCCUPATIONAL HEALTH PHYSIOTHERAPY

A Smart Partnership for Your Business

Are you an Occupational Health provider looking to improve or expand your Musculoskeletal (MSK) services?

Are your clients ideally looking for a single source solution. Look no further!

Response Occupational Health Physiotherapy specialises in providing MSK physiotherapy to Occupational Health providers, offering tailored solutions to meet the needs of your clients and their employees.

At Response Occupational Health Physiotherapy, we prioritise your clients' employee's health and wellbeing. Our goal is to support your clients' employees with our services, which offer numerous benefits, including increased productivity, reduced absenteeism, and improved reported employee satisfaction. Our cost-effective solutions support your clients to save money, boost morale, and reduce staff turnover.

We address challenges and issues commonly reported to us from OH providers about their existing physiotherapy service, such as:

- Frequently **cancelled appointments** and clinics
- **Slow reporting times** post assessment
- **Unrealistic advice** relating to work recommendations
- **Regular staff changes** and lack of clinician continuity
- **Inadequate account management** and support
- **No complaint management**

Why Partner With Us?

Join other OH Providers who consistently commend and benefit from our expert services:

ENHANCED DELIVERY

We allow you to concentrate on delivering your existing high quality services by expertly managing your musculoskeletal caseload.

NATIONWIDE COVERAGE

Utilise our extensive Physio Network and large in-house clinical team for UK-wide coverage.

EXPERT TRAINING

Our in-house L&D team provides comprehensive OH training covering functional assessment, report writing, work barriers & return-to-work planning.

DEDICATED SUPPORT

Our full-time Support Team will assist you with referrals, diary planning, reporting, & client queries.

Benefits for Occupational Health Providers:

- ✓ **Skilled Physiotherapists:** Highly trained clinicians in managing musculoskeletal ill health and management reporting.
- ✓ **Functional Assessments:** Focus on job roles and tasks vs current physical function to provide practical work recommendations.
- ✓ **Return-to-Work Plans:** Structured plans for efficient employee return to full job roles.
- ✓ **Exception Reporting:** Identify employees requiring further support and signposting referrals.
- ✓ **Comprehensive Advice:** Guidance on Equality Act, workplace ergonomics and DSE.
- ✓ **IT Integration:** Our experience delivering seamless integration with your clinical software and policies.

“Working with Response OH has been a pleasure. Their professional and helpful staff provide high-quality service, consistently meeting user expectations. They are responsive and adaptable to service requirements, addressing issues promptly and effectively. Their knowledgeable clinicians and responsive senior management team make them highly recommended for anyone in need of their services.”

Head of Operations – National OH Provider
